Total:	£

Griffins SC encourages parents and guardians whenever possible to watch and support their children when racing and training. However if you are not going to be present please ensure you read below and fully understand your responsibilities while you are not present during the competition.

- § Ensure that your child is being collected from the competition venue in ample time.
- § Coaches are responsible for children during the competition sessions whilst on poolside. As parents you are responsible once your child leaves the poolside.
- § You are responsible for your child during session breaks at the gala.
- § Those parents who choose to leave the competition venue should ensure they have delegated responsibility for their child to another adult and inform their child of this.
- § Please be aware that the competition may finish early and parents should take this into consideration if going to collect your children at the end of the competition.
- § Griffins SC recommends that ALL CHILDREN are collected by adult.
